Understanding Visual Emphasis in Art

Name: _____

Date: _____

Answer the following questions based on what you learned about contrast and emphasis in artwork.

1. What does contrast do in artwork?

- A. Makes everything look the same
- B. Creates visual emphasis
- C. Confuses the viewer

2. Contrast can happen with color, size, or ____ details.

3. How can an artist make one part of a picture look more important?

4. Match the type of contrast to its description.

Color

Bright vs. dull

Size

Big vs. small

Detail

Detailed vs. simple

5. What is a focal point in artwork?

- A. The part that is least important
- B. The part that draws the most attention
- C. The background of the artwork

6. What did you do to make your focal point stand out in your artwork?

7. Just as light draws attention in darkness, contrast helps highlight ____ in art.

8. According to Matthew 5:14, what are you in the world?

- A. The darkness
- B. The light
- C. The shadow

9. How does being a 'light of the world' relate to contrast in art?

10. What is one way to create contrast in artwork?

- A. Using the same colors
- B. Making everything the same size
- C. Using different colors or sizes

Answer Key

1. Creates visual emphasis 2. detail 3. An artist can use bright colors or make it bigger than other parts. 4. 0,1,2 5. The part that draws the most attention 6. I used a bright color and made it larger than other elements. 7. important elements 8. The light 9. Being a light means standing out, just like contrast makes important parts of art stand out. 10. Using different colors or sizes
