## Understanding God's Design in Earth's Systems

Name: \_\_\_\_\_

Date: \_\_\_\_\_

Answer the following questions based on what you've learned in the Earth science unit.

1. What is one geological process that you studied and found interesting?

---

---

2. What does Psalm 104:5 tell us about the earth?

- A. It is unstable
- B. It is designed to last
- C. It is constantly changing

3. Understanding Earth's systems helps us appreciate God's design.

- True       False

4. The process of \_\_\_\_ involves the movement of Earth's plates.

5. How can we approach challenges during an assessment with confidence?

---

---

---

6. Which of the following is a natural hazard?

- A. Volcanoes
- B. Mountains
- C. Rivers

7. The Earth is designed to be moved and changed constantly.

- True       False

8. God's incredible design can be seen in the stability of the \_\_\_\_.

9. What strategies can help you do well on tests?

---

---

---

10. What is one thing you learned about Earth's systems?

- A. They are random
- B. They are complex and interconnected
- C. They do not change

---

### Answer Key

1. plate tectonics 2. It is designed to last 3. True 4. tectonics 5. We can pray for help and remind ourselves to take our time and read each question carefully. 6. Volcanoes 7. False 8. earth 9. I can study ahead of time, practice with flashcards, and get a good night's sleep before the test. 10. They are complex and interconnected
