Understanding God's Design in Creation

Name: _____

Date: _____

Answer the following questions based on the lesson about Earth's major spheres and their interactions.

1. What are the four major spheres of Earth?

- A. Geosphere, Hydrosphere, Atmosphere, Biosphere
- B. Land, Water, Air, Life
- C. Mountains, Rivers, Clouds, Animals

2. How do Earth's spheres interact with one another? Provide one example.

3. The solid parts of the Earth are known as the ____.

4. The atmosphere includes water systems.

- True False

5. What does the biosphere include?

- A. Rocks and soil
- B. Living organisms
- C. Air and weather

6. Why is it important to understand the interactions between Earth's systems?

7. God's intricate design is shown through the stability of the Earth's ____.

8. Psalm 104:5 tells us that God laid the foundations of the Earth.

- True False

9. Which sphere is responsible for weather patterns?

- A. Hydrosphere
- B. Atmosphere
- C. Biosphere

10. How does understanding Earth's design reveal God's wisdom?

Answer Key

1. Geosphere, Hydrosphere, Atmosphere, Biosphere 2. The hydrosphere provides water for the biosphere, while plants in the biosphere release oxygen into the atmosphere. 3. geosphere 4. False 5. Living organisms 6. Understanding these interactions helps us see how everything is connected and how God's design works in nature. 7. systems 8. True 9. Atmosphere 10. It shows that everything is carefully designed to work together, reflecting God's creativity and intelligence.
