## Review of Properties of Matter

Name: \_\_\_\_\_

Date: \_\_\_\_\_

Answer the following questions based on the lesson about matter.

1. What is matter?

- A. Anything that takes up space and has mass
- B. Only solids
- C. Only liquids

2. The three primary states of matter are \_\_\_\_, \_\_\_\_, and \_\_\_\_.

3. How does God's design show in the structure of matter?

---

---

---

4. All things that we see and touch are made of matter.

- True       False

5. What are atoms?

- A. The states of matter
- B. Tiny building blocks of matter
- C. Only found in solids

6. In Colossians 1:17, it says that in Him all things are \_\_\_\_ together.

7. Can you name three things that are solids?

---

---

8. Water can change states from solid to liquid and liquid to gas.

- True       False

9. Which state of matter is water when it is ice?

- A. Solid
- B. Liquid
- C. Gas

10. Matter takes up \_\_\_\_ and has mass.

---

### Answer Key

1. Anything that takes up space and has mass   2. solid, liquid, gas   3. God's intricate design is evident in the way all matter is formed from tiny building blocks called atoms.   4. True   5. Tiny building blocks of matter   6. held   7. Examples of solids include a rock, a book, and a table.   8. True   9. Solid   10. space
