## Review Your Lesson on Magnets

Name: \_\_\_\_\_

Date: \_\_\_\_\_

Answer the questions about magnets and what you learned.

1. What can magnets work through? Circle the correct answer.

Wood

Plastic

Some materials

2. Magnets can only work through metal.

True

False

3. Magnets have invisible \_\_\_\_ that can move through some things.

4. Draw a line from the material to if it blocks magnets or not.

Paper

Blocks magnets

Water

Does not block magnets

5. What did we test with the magnets? Circle the correct answer.

How magnets work through different materials

What colors magnets are

How heavy magnets are

6. Not all materials block magnetic force.

True

False

7. We can experiment to see what materials let magnets \_\_\_\_.

8. Match the question to what we learned.

What surprised you?

Different materials let magnets work

What materials did the magnet work through?

Some materials surprised us

9. Can a magnet work through water? Circle the correct answer.

Yes

No

Only in summer

10. God's power works in ways we cannot always see, just like magnets.

True

False

### Answer Key

1. Some materials 2. False 3. power 4. Does not block magnets 5. How magnets work through different materials 6. True 7. work 8. Different materials let magnets work 9. Yes 10. True
